“ My condolences to the family Mr Derek Reed family he a beautiful singer with the beautiful voice he enjoyed singing for God and now God has an angel that will sing all day

“ I was stationed with Derek in Guam. We played basketball, bones, and drank all the time. He had a big heart and was always smiling. My favorite memory of Big D was playing against him in a basketball game and I was playing him so close that he never got the ball. D told me the next day, that he got home and looked under the bed and Ann asked, "What are you doing?" D said, "Checking to make sure Chuck didn't follow me home." That is the type of friend Big D was. He even gave money to an individual that he knew he would never get that money back, but he wanted to help anyway.

Prayers to the family and Rest in Peace Big D!

Love the Mickens Family.

“ After we became friends with Ann and D , my daughter's came to me and asked if they could call D , UNCLE D. They had discussed it the way 7 and 5 year olds do. I said you have to ask D, they did, he said, YES. And hugs and kisses later he was UNCLE D. AND ANN WAS AUNTIE ANN, FOREVER. His heart was great and filled with love and laughter. Thank you for being my friend and their UNCLE. We will think of you and smile. R.I.H. Love and prayers for the for the family. Joyce Walton and family

“ Derek, Sherry and I are still in shock. We shared so many remarkable times during the years in Guam both in work and play. You were like our second son, not sure whether you or Greg needed more guidance some time but we are so proud of all you accomplished both professionally and personally. You touched the hearts of so many and we will miss you.

“ Big D, I don't know what to say brother, gone way too soon, I'll never forget you, will never forget you picking us up when we got to Guam, in your Fred Flinstone mobile with the rotted out floor boards. I still owe you for the sharpie drawings from our last party night, can't a guy take a nap in peace? ;) I'll catch you on the other side man, say Hi to Deb for me. RIP my friend.

“ My condolences to the family of this amazing person we were blessed to have known. He was personally someone special to me when he stepped up as the leading male role model in my life. He gave me great life advice and always supported me, even when telling me I was wrong. His laughter and smile will be missed; and his hugs could never be replaced. The out pour of love I have seen these few days have been amazing to know his light reached all. We will miss you Derek.

“ I was crestfallen to hear of Derek's passing -- he was always the gentleman and dedicated professional. I had the honor of serving alongside Derek in the mid-1980s at Luke AFB. A kind soul and a great friend to all, Derek never had a harsh word to say about anyone or anything; instead, he always drew our focus to the bright side of life. I have no doubt that Derek now resides on that bright side of life. My heart goes out to Derek's family during this profound time of sorrow -- may God grant them peace.

“ Derek and I served together at Luke AFB. We were both young and finding our way - he was such a good friend to have. Sadly we lost touch through the years, but it's easy to see he remained the wonderful person I knew. My sympathies to family and friends. I pray you find comfort in knowing he did incredible things while he was with us and he is now in a better place. I look forward to the day we will all reunite. Until then I pray for blessings for each of you.

“ Derek, one of the best friends I ever had. The gang is getting smaller. I'll never forget your big smile and heart and your BBQ ribs. Man I had a big pie for your face, extra whip cream. This is so sad, I'm all choked up. I'm Glad we got to talk when I worked on your house. Read your obituary and glad you are a man of God and you know Jesus. This made me feel relieved. Now I know where you are and I'll see you again and get one of those big man hugs I always enjoyed from you. After I got my breath back. Glad you got on the trophy. Things won't be the same, but you will never be forgotten. We'll honor you ever chance we get. Just like DY. Say Hi to him for me.

Love you Man!!!

“ Derek worked with me at the Department of Veteran Affairs and he was one of the best contracting officers we had. Such a smart man and such a hard worker. Of course the smile that lit up his face when he talked about his wife and son just lit up the whole office. My prayers and condolences go out to his family.

“ Derek and Andrea spent an evening with us at our home about 10 years ago in Anchorage hanging out and listening to "old school" music and we had so much fun that Dex and I often talk about what a great time we had and how wonderful it was to hang out with Derek and Andrea.

I can still see Derek sitting on the couch bobbing his head to the music and every time we would put on another cd with one of our oldie favorites Derek would light up the room with his big smile and say, "oh yea that was the jam!"

My love and sympathy to Derek's entire family and may you find strength in each other.

“ Derek was the most kind son, brother, nephew, uncle, husband and father a person could have ever known. You have gone to a place that will be an even better place to be at - now that you're there.

My fondest memory of my nephew was while visiting his family for thanksgiving in 2001. Auntie Carol came along as well. A bunch of us piled into our 15 passenger van and headed for the mountains. Man I had no idea we wouldn't make it up the thing so easily. Lol lol lol lol lol.

Although I can't recall the exact order of the events, the thoughts still remain.... Not getting up the mountain easily was funny, but the next story was the most memorable.

Derek and I had no idea how to properly prepare this enormous ham we were assigned to cook. With the help of a few glasses of Captain Morgan we got to work. We bathe that puppy with an entire bottle of mustard, perhaps even 2 bottles. We laughed and began dressing the thing with pineapples and haphazardly placed cloves all over the thing.....laughing the entire time about how it might not turn out so good. After washing our mustard soaked hands in the sink we put the top on the roaster, turned the timer on and prayed for the best.

We settled down for the night in his basement, and of course had a few more glasses of libations and played cards with my sister Carol.

As the sun rose we decided to check on our creation. The results.it never made the thanksgiving dinner table fully intact.

It was the best ham we'd ever tasted. We scrambled some eggs, someone else in the family made biscuits and the ham was history.

I've known many a fine cooks in my life, but I'll have to say....that our ham was the best damn ham I'd ever tasted in my life.

Thanks Derek for those 2 and many other wonderful memories.

We will see each other again.

Your Auntie,
Yvonne

“ The End of my Journey

One day soon my name will be called,
No answer and no reply.
My work here will be done
It's time to say goodbye

Truly, I enjoyed the laughs,
I even enjoyed the times we had to cry.
But my destiny has been fulfilled
This calling I can't deny

The time I spent with family
The memories of old friends
These moments will continue to live on
When you think of me, now and then.

One day we'll be reunited
I'll be there to welcome you home
Enjoy each day to the fullest
If you're feeling a little weak, use my strength to make you strong

To be loved is a blessing unlike no other
It makes the darkest days easier to bear
For if I ever found myself in need of any service
I always knew you would be there.

Well, I've reached the end of my journey
It's time to lay this clay form to rest
All of my illnesses have subsided
I'm flying away to build a new nest.

I know you will miss me
But you must continue to be strong
I'm feeling much better now
I finally found my way back home

“ My deepest sympathy is extended to Derek's family. Derek was a joy to know. I worked with Derek at Luke AFB. I have never forgotten his sense of duty, but also his sense of fun. A group of us went on a weekend trip to Mexico, and Derek was with us. He was a huge part of the memories of the trip that I still hold dear. Derek had that kind of impact. He was never a stranger to anyone. He genuinely cared about others. The world is a sadder place with Derek's absence. May his family take comfort with their wonderful memories of this amazing man who is gone too soon.
