“ Lisa was such a quiet person with a lovely smile. She was my neighbor. Guess heaven needed another teacher. God bless you Alice, John, Antoinette, and the rest of the family.

“ Lisa was my biology instructor at Alcorn State University. She was always there to help when you needed her. Lisa always had a smile on her face. We use to see each other at Walmart and she had a smile on her face. I'm going to miss seeing her there. Yolanda D. Shepherd

“ I can't believe it. One of the greatest professors of Biology at Alcorn State has passed. This lady had a quiet presence, but a beautiful and live spirit. Everytime I saw her at the store she often encouraged me letting me know that she appreciated me as a student. She graced me with her presence more than ten years ago as a freshman at Alcorn State University. Everytime I saw her she was wearing a smile. The last time I saw her she encouraged me in my teaching profession and told me how blessed I was to be able to do what I love. She helped me to see life from a more positive perspective and was an example of genuine contentment. I know people often say this, but I can really say Mrs. Lisa Foster left a lasting impression on my life. Thank God for letting me have the opportunity to meet this lively and influential teacher.

“ Lisa and I were suite mates at ACORN STATE UNIVERSITY. Her brother John Foster was my classmate. Lisa was a very sweet and caring lady. I can't say this about many people but I have never ever heard Lisa say anything negative about ANYONE. She was always uplifted and had that beautiful smile. MY PRAYERS ARE WITH HER FAMILY.
