“ Paw Paw,

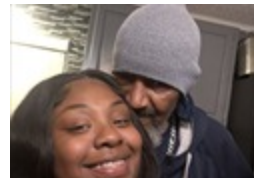

You were a light in our lives. Your smile, your laughter, and your gentle hugs were gifts we will treasure forever. You left your love in every memory you created with us.

If we searched the whole world, we would never find a Grandad more caring, kind, or patient than you.

We hope you're finding the gentlest peace with the Lord. Knowing that brings us comfort and eases our pain just a little more. If love alone could bring you back, Paw Paw, you'd be here with us now.

With all our love, always and forever—

Your Grandbabies

“ Butch, we didn't have enough time to meet in person and fir that I'm truly saddened. Your life has been told to me through your sister BJ, oh how she loved you. The way her voice softened when talking about you made me smile and now as she reminisces about you my heart breaks from the sadness & the void that's left because of your transition to glory. Your strong Legacy lives on through us all, no matter what your regrets in life were, your legacy makes up for that, so rest on Future Brother-in love, may your eternal rest be free of pain, worry & hurt. The rest of your family down here got you (ur memory, laughter, love) from here. Now you can bask in your parents love as you all are reunited. Again,I'm sorry your life ended before our in-person introduction, because from speaking with you I knew I'd like you. Don't worry about Bj, I got her. Rest in love BIL

“ *Our hearts and prayers are with you during this season of sorrow. As you reflect on the love you shared, may God’s grace sustain you, and may you find comfort in the promise that to be absent from the body is to be present with the Lord.*
