“ I remember in school when me and bar would have the same classes then we ended up having to take a hard test so bar was like “for all the answers that I don’t know then you just turn your computer my way and for all the answers you know then I’ll turn mines away” 🤔 We stayed joaning then I would tell bar to calm down cause he had no chill especially on graduation day 😭 Bar has me rolling and I enjoyed every moment just having him beside me. Lavarius and I actually grew up becoming close 🤔 He would stay hyping me up even when I was down most times ... he would always make a joke then everything would be so much better 😊 I swear I miss you bar our memories will forever flow no matter what 🙏📅 Graduation day was our last memory together and I’m so devastated to even believe that you’re actually gone because we talked about our careers and how we would become successful on the fact that we made it out. Rest on La’Varius ❤️
