“ *Dale and I were together for around six years. I m so taken by this awful thing that robbed him his life. He was a man of God and he and I when we were together sang together . One Christmas on Christmas day at the old folks home because we knew this day these precious souls were alone on Christmas. He was apostolic and yes praise Jesus had the Holy Ghost . His favorite song to sing in church was The Light House . The last time we spoke he was still living in tylertown Ms at brother Terrell's church . He was saying he was gonna be making a CD professional CD he was so happy. He was an amazing man . I will always carry him in my heart . I wish I had stayed in contact with him but I know in my heart he knew I'd always love him. Save me a place there I'll see you again when it's my name he calls. He had one brother he talked about but didn't know where he was . His mama was long past and his uncle on his mama side didn't speak his family was church family and me for the six years we were together.. he told me reasons but it was not my business. All I know is whatever happened he didn't do anything to anyone to hurt no one in no way. I pray for whoever done this because gods word says to and that's what he would want. I miss you and see you again someday . Sing for our father in heaven in that great band . I'm not saying goodbye only see you again when my name is called. My friend .*
