“ *The earliest memories of Roosevelt extends from the 1950s -1970s. Those memories were develop from a very loving, sharing and well organized community by the parents in our community. Pine Street (in Natchez Mississippi) back in the day, everyone was all much part of a larger family, a community family. So, it was not happenstance that we considered each and another brothers and sisters. We attended kindergarten, grade school and high school together, played together, worshipped together, shared holidays and celebrated our personal wins together. When one of us had our name, picture, or a story which highlighted our achievements in the Natchez Democrat our heads were held high, chest out, we stood tall. Even though you were always in the newspaper about your football accomplishments, we were proud. So in the final event when God calls, we mourn and rejoice the homegoing together by our presence or through acknowledgment of our loss from afar.*

Roosevelt, from all of us, we love you brother, thanks for the memories! R.I.P
