“ I met Junoir around 14 years ago, I was building a house out in the country by myself basically and I needed help. The hardware store gave me Van Shaw's phone number. while Van was helping me frame the house he asked me if his brother could come out and help. He said that he had had a stroke and needed to get out of the house and start doing things. Van had said, look you don't have to pay him and he can fix anything that has an engine. So I thought I was helping this guy out. Well, it turned out that Junior was helping me out! The man can fix just about anything! After a few weeks, Van had completed his work. Junior asked if he could still come out to help keep the lawnmowers working and do some work with the tractor. That's where our friendship started. I must say I have been all over the world and met and know a lot of people, some I call friends and some acquaintances, but Junior was my true friend. The kind of once-in-a-lifetime friend. I believe God quite literally sent him to my place. He truly loved it out there, and he watched out and took care of that place like it was his own. He loved my family and my friends who would come to visit and we loved him. He especially loved my son Luke, which warmed our hearts. I will miss his smile and his friendship greatly! I think of you every day my friend, I will see you on the other side, and we will sit and laugh once again. I am sure there will be a lot of things to build and maintain in Heaven. Luv Ya brother so much!!!
